Programming and debugging software
 Feasibility study
 Compatibility with standards and requirements
 Strength of materials

SOURCING

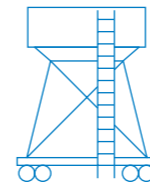

Supplier Selection

We select suppliers at the best price according to requirements and standards.

Monitoring & Management

We are the link between you and Chinese suppliers.

MANUFACTURING

Production

Cutting
 Bending
 Welding
 Machining
 Galvanization
 Riveting
 Painting
 Picking & passivation
 Heat treatment

Test & Verification

Non Destructive Test (NDT)
 Testing & quality
 Validation before shipping

On site Service

Assembly
 On-site service & installation
 Testing and commissioning
 Maintenance

Testing & Certification

We ensure compliance to current standards, and qualifications in your sector.

Transport

We deliver worldwide.

ENIM China

Design, sourcing and manufacturing of solutions in China for major global industrial contractors

Industrial Systems & Process

Production line

Oven for cans paint baking

Energy

Spent Fuel Cask Transfer Facility

Cylindrical Silencer

Transport

Operating Train Door Systems

Scrap Conveyor

We help you in your global sourcing strategy in China
Industrial site with **European Standard** & high quality
Production of complex mechanical systems & equipment
Multidisciplinary skills & adaptability of our team and process
Protection of **intellectual property**

Provide timely responses, training, technical support & maintenance
Top quality, at affordable price
