### L-CAT<sup>®</sup> SHIP-TO-SHORE

L-CAT<sup>®</sup> is a **fast and innovative landing craft** whose characteristics are adapted to the necessities of modern amphibious warfare :

- **Speed** for rapid loading/unloading to and from its base ship and quick maneuver to the objective, allowing for a faster pace of operations.
- Autonomy for over-the-horizon maneuver, allowing the base ship to remain safely beyond the horizon without compromising operational success.
- Payload capacity to carry any relevant tactical package to the objective in an efficient manner

L-CAT<sup>®</sup> is a sea & combat proven ship. It is in active service since 2011 in the French Navy and since 2016 in the Egyptian Navy. It proves each day its ability to support the Armed Forces on a global scale for both military and civilian assistance operations.

L-CAT<sup>®</sup> can deploy either a fully motorized infantry platoon complete with its vehicles and equipment, a single heavy (M1, Leopard 2, Leclerc) Main Battle Tank, or 80 tons of military or disaster relief equipment.
